**Sell your custom rugs
anytime, anywhere,
on any device**

**Remodel
your website**

Your website can be made interactive for visitors so that they customize designs on their own, see in different interiors, and request for quotation.

**Rejuvenate
your showroom**

explorUG can be configured as your digital showroom on a smart TV with just 10 sq ft area containing all your designs ready to be customized.

**Reincarnate your
promotional material**

Product catalogs, brochures and printed ads can be digitally connected to explorUG, giving a new ability to customize directly from printed media.

**Revolutionize your
social media presence**

Your private messages or public posts can be easily empowered by explorUG, making them interactive marketing and communication medium.

**Redecorate customer's
room with your rug**

Your rugs in explorUG can be illustrated in the customer's room instantly with a few swipes.

Sell your rug before it is made

Our technology helps you sell your custom rug first and then produce it exactly as it was shown.

Setup your own explorUG with your collection of designs, colors, textures, and room illustrations at a fraction of the cost of a rug.

Contact us at info@explorug.net to get started.
